A 50% deposit is required 2 weeks before the event. The other 50% is due a day before the event.

The 50% deposit is non-refundable. The process of making your custom cake starts weeks in advance, from processing the order to ordering the professional supplies needed to craft your particular edible work of art. Due to the tedious, handcrafted nature of our products, we are unable to provide deposit refunds.

Please note; color, font and décor may not be EXACT. If you provide a picture of something, it serves as inspiration only. I will try my best to accommodate your request and come as close as possible to your desired design, but please keep in mind exact replications are not possible.

Allergy: 44 Guilty Pleasures does not have dedicated equipment to produce allergen free desserts. So, it is important to know that all our sweets are produced in a space that also processes milk, nuts, wheat and soy.
